Action Taken Report 2018-19

Feedback taken from students and teachers was analyzed and following actions were taken:

Students' Feedback: It is observed that students are satisfied with the facilities regarding teaching, library, sports, office services, co-curricular activities etc. Students expected increase in the intake capacity of NSS. The administration is positive about pursuing the request for additional unit. Regarding syllabus there are suggestions to make changes according to the changing needs. These are raised by concerned teachers with their respective Boards of Studies on respective platforms. The Competitive Exams Guidance Centre has been advised to undertake extra efforts to help students prepare for competitive exams, career guidance etc. Interaction with successful candidates is considered. Students showed reluctance to join self-funded courses probably owing to weak economic condition. The Centre for Skill Development has therefore launched variety of courses at very minimal fees to overcome this hurdle. Regarding some UG and PG departments proposals were submitted in recent past but could not be secured as NOCs from colleges in the vicinity were not received. Additional sports facilities with the help of sister concern have been provided and some new events like soft ball etc. are introduced. Organization of annual sports meet has also enhanced interest in sports.

Alumni Feedback: Most of the alumni were satisfied about the quality of teaching, library, office facilities, canteen facility and co-curricular facilities. The significant suggestions of the alumni included provision of special concession and schemes for rural students and special attention to sports. The Students Welfare Committee of the college does cater to special needs of the rural students and the contribution of teachers to the Students' Welfare Fund help in this regard. Efforts to enhance participation in sports and provision of additional sports facilities have been taken up.

The analyses of the feedbacks received was shared with the concerned authorities, viz. the principal for further action.
