Gender Audit

2018-19 to 2022-23

August 2023

Preamble

Gender Audit is an attempt to study whether the college has good gender balance. It is a process for organisational assessment and a tool for action planning from a gender perspective. Policies are assessed; institution's current practices and situation are understood from a gender perspective to identify strengths and challenges to chalk out programmes and activities that specially address the issues related to women. The audit critically examines the capacity of institutions to ensure a 'safe and secure' ambience for women and girl students, faculty and administrative staff. It tries to see whether college follows government rules, policies and actions formulated for up-gradation of women in society. The comprehensive review reveals how well gender equality is embedded within the various aspects of college life. The gender audit encourages the stakeholders in an educational institution to engage in a dialogue and reflect on gender related issues.

About the College

Shikshan Mandal, Karad's **Mahila Mahavidyalaya, Karad**, an affiliate to Shivaji University, Kolhapur is the first women's college in Satara district of Western Maharashtra. Considering that women must be self-reliant and empowered in every aspect of their life, the visionary leadership of Shikshan Mandal, Karad took a prudent step in establishing Mahila Mahavidyalaya on August 7, 1986. We believe that the purpose of higher education is to provide a well-rounded education that will fit women to utilize their abilities to the fullest extent. Our multi-faculty college is committed to the cause of empowerment of girl students hailing mostly from rural areas in the vicinity of Karad through access to higher education and awareness about social responsibilities. Our thrust is on capacity enhancement rather than mere information generation by keeping them abreast to modern trends and advanced technologies. We provide an educational environment that emphasizes critical thinking, decision making, reflection and creativity. The college strives to fulfil its vision and mission by empowering girl students in every sphere of life. Gender sensitization being a human right and constitutional obligation, the college takes initiatives for gender awareness and sensitization through various academic, cultural and outreach activities. We practice to bring a positive change in the attitude and support equity among genders within the college and in our outreach. The college thus ensures nurturing and creating women well equipped to be world citizens; women who are proud of their culture and heritage as well as possess a broad sensibility that vibrantly celebrates diversity in all aspects. Woman power is the striking feature of the college with 99.9 % girl students and 59 % women faculty including the Principal and IQAC coordinator. The College

has a registered Alumni Association. In its journey towards excellence, the college has brought together all stakeholders and is ready to update itself as per NEP 2020 requirements.

Aims and Objectives:

- To find out the areas where gender balance exists and the factors behind the gender balance.
- To allow the college to address unfair practices and address any biases or gaps.
- To create a supportive environment that upholds gender equity and advances the institution's commitment to diversity and inclusion.

The IQAC of Mahila Mahavidyalaya, Karad has undertaken the Gender Audit for five years i.e. from 2018-19 to 2022-23.
